Being Missional

It was so exciting recently to see many of our covenant partners involved in our recent ServFLo emphasis. You were involved in many areas of service around our community and our Church is making a difference in Florence and also around the world.

You have heard Chris and I talk about "being missional." It is a major focus of ECO and hopefully a personal goal for all of our covenant partners. Many people still think of "being missional" as simply writing a check and sending money to some overseas missionary or institution so the "missionary" can go about the business of sharing the Gospel of Jesus Christ. While the financial support of mission organizations and missionaries is vitally important, it is also important that all believers realize that God has called each of us to live our lives in a way that others would see Jesus through our lives. Missional living is living with the express purpose of being a follower of Jesus in both word and deed. The Florence community recently experienced that outreach from many of our covenant partners. Our community has been blessed, and I believe those who participated received a blessing as well.

On another note, our new Child Development Center will be opening August 8th. Since receiving our license, we have been overwhelmed by the community response. This will be a great opportunity to lay a solid foundation for these young children, but also an opportunity to show the love of Christ to the parents. I have "bumped into" several mothers who have been touring the facility and they are so excited about what we are offering and for the opportunity for their child to be part of our program. This ministry was part of our long range plan when we began our renovation and construction, and it is exciting to see this piece of the puzzle begin to come together.

On a foreign mission note, many of you will remember this past January when Rev. Joe Farrell, one of our ECO pastors who is affiliated with International Justice Missions (IJM), spoke to our church about the extensive child slave trafficking in Ghana, Africa. Children from 5-11 years old are being sold into slavery to work the fish farms on lake Volta. IJM has a rescue team devoted to finding and freeing these children. Joe invited me to be part of a group he is taking to meet with this rescue team and the individuals who provide counseling for these children, once rescued. Our Evangelism Unit is excited about this opportunity, as we would like to partner with IJM in this endeavor. This trip will occur Aug. 12-18th, and I will provide more information for you in next month's newsletter.

I hope you are all having a wonderful summer and finding opportunities to be a witness to the grace and love of Jesus Christ in your life.

God Bless,

** I will be on vacation July 18-August 1*

A Thought or Two *Challenging You Toward Discipleship*

from the associate pastor

Season of Service

June was an exciting season of service for First Presbyterian. I also want to thank our children, youth and adults who were able to participate in ServeFLO. There were many relationships forged through our times of service. I want to share the thank you note that Principal Michele McBride wrote after 70 volunteers worked at Timrod Elementary School:

> *Dear Helping Florence Flourish,*
>
> *I cannot begin to express my feelings about the activity at Timrod Elementary today. (June 18, 2016). What a wonderful turn-out of community volunteers, students and their families, and faculty and staff. Experiencing everyone working together to clean and beautify our school is something I will not forget. I did not expect such a great response when you asked if you could come to our school.*
>
> *I appreciate all of the planning and hard work that went in to making this day such a great success. I am overwhelmed that so many Florentines volunteered to come to our school and put in so many hours of hard work. I can see that this has truly been a labor of love for everyone that came to help.*
>
> *On behalf of the faculty, staff, students and Timrod families, I thank you for making Timrod a part of Helping Florence Flourish. Working with such great people has been a blessing for all of us.*
>
> *Sincerely, Michelle McBride- Principal*

All told, there were roughly 170 people that participated in serving Florence through ServeFLO on June 18. But that is not the whole story: ServeFLO included our children serving in the community during Mission Camp. It involved our youth serving at two residences to care for their yards. When you count all the individuals that participated in ServeFLO during the period of June 12-26, there were over 400 people (children, youth and adults) serving the community. That includes individuals from close to 20 churches. Four schools were served, our homeless shelter House of Hope, Lighthouse ministry, parks and pocket parks designated by the city.

Here are just a few of the images of the work.

See More on Helping Florence Flourish webpage and Facebook page.

In addition, the ServeFLO weeks included a significant conversation generated by the visit of the director of OpenTable, Jon Katov. (http://www.theopentable.org/) His story and vision captivated many as plans are now underway to begin Open Tables in our community to help those among us in poverty. Jon spoke at First Presbyterian, Monday Lunch Rotary, Cumberland United Methodist, Central United Methodist, Mt Zion AME and to representatives of St. Paul United Methodists.

Be challenged by all this and encouraged to discipleship!

Chris

Church Administration Matters

Quarterly Contribution Statements
It is hard to believe that we are half way through the year 2016. First Presbyterian Church has been blessed through the first half of the year by covenant partners and others who have given faithfully in support of the ministries of the church. In the next two weeks, all covenant partners will be receiving your second contribution statement for 2016. These statements serve as a reminder of the commitments made to support the ministries of First Presbyterian Church. The statements will also let you know your progress in fulfilling that commitment. When you receive your statement, I encourage you to take a few minutes to review it. If you have questions or need additional information, please contact Gwen DuRant, 843-662-2583 or e-mail gdurant@florencefirst.org. Thank you for your faithful support, both financially and with time and talent, of First Presbyterian Church.

Campus Security
Recently, I was talking with one of the off-duty Florence County Sheriff deputies that provide campus security for us on Sunday mornings. The deputy suggested that I, once again, remind our covenant partners of the importance of not leaving valuables and personal belongings visible in your vehicles. The deputies make routine patrols through the parking lots and our buildings, however, it only takes a few seconds for a potential thief to smash a window and grab a purse, IPad, cell phone, etc. We all need to do our part to make our campus safe and secure for our covenant partners and guests.

Thoughts on Stewardship

FIRST PRESBYTERIAN CHILD DEVELOPMENT CENTER

This morning, a UPS truck delivered several large boxes to the church office. Each box contained one new infant crib. It is exciting to see this new ministry come together. In just six short weeks we will be welcoming our first batch of wee learners! Your foundation of vision and prayers are flourishing as parents are calling and coming by to get a glimpse of the new center. The need for infant/toddler care in Florence is overwhelming. What a blessing to know that we are available to offer a new center which will strive to not only care for the physical needs of young children but their cognitive, emotional and spiritual needs as well.

To date we have enrolled 52 children and have a waiting list with 12 other names of those desiring infant care as spaces become available. We still have openings in the older groups, so please help get the word out.

In order to arrange our classrooms and have the specific equipment needed to nurture and guide these children, we have compiled a list of needed supplies and equipment. **The items are listed on the ornaments hanging on our "Christmas in July" tree** which is located in the Welcome Center. If you would like to experience the joy of giving by helping to support the new CDC ministry, please take an ornament off of our Christmas tree and make a donation towards the purchase of the item listed on the card. You may make your check to FPC and write "Christmas in July" on the check memo line. Every gift is appreciated and will be used to purchase needed equipment and supplies. Thank you!

Blessings!
Beth

Royall Elementary School Partnership

Some children can't afford school supplies and a backpack. As part of our partnership with Royall Elementary, we are collecting school supplies for each grade. Please pick up a list of requested school supplies in the Welcome Center and return your donations by August 1 to the box in front of Alexis' office. Thank you!

PROTECT MY MINISTRY
Background Checks For Your Peace Of Mind.

A few years ago, the Children's Ministry team implemented national background checks for all individuals 18 years and older who regularly volunteer with children. This includes Sunday school teachers, Wednesday night leadership, VBS & Mission Camp leaders, and children in worship teachers.

It is time to renew the checks. If you volunteer at all with children, please take a few minutes to fill out the online form. Go to the First Presbyterian webpage, select Discipleship, then Children and look for the link "Volunteer Background Check".

All information remains confidential. Thank you in advance for your desire to protect our children and our congregation.
