

Building Our Future Progress Report

September 2011

Capital Campaign Results to Date

Total amount pledged by 244 families: \$ 2,900,000.00

Total amount received: \$ 863,445.00

If there is a balance outstanding on your 2011 pledge, please begin the payment process as soon as possible. The more funds we have available the less likely it will be that we have to depend upon a line of credit.

Work In Progress

Based upon the recommendations of our Facilities Consultant, Comperio C3, (available on church website) our architect, Hal Fuller, is in the process of drawing detailed plans for the next phases of our renovation and expansion project. This Master Plan will be submitted to the Session for review of both the scope of the project as well as financing options.

What's Next

Once the Session has reached a consensus on a plan of action, the details will be presented to the congregation in an informal gathering with plenty of time set aside for questions and answers. We plan to have both our consultant and our architect present at this meeting. Only after we have done our due diligence and completed the vetting process will the congregational meeting be called for the purpose of taking action on this project.

-Dudley Saleeby, Capital Campaign Director
